

## Earrings

Story By: Andrew Frinkle

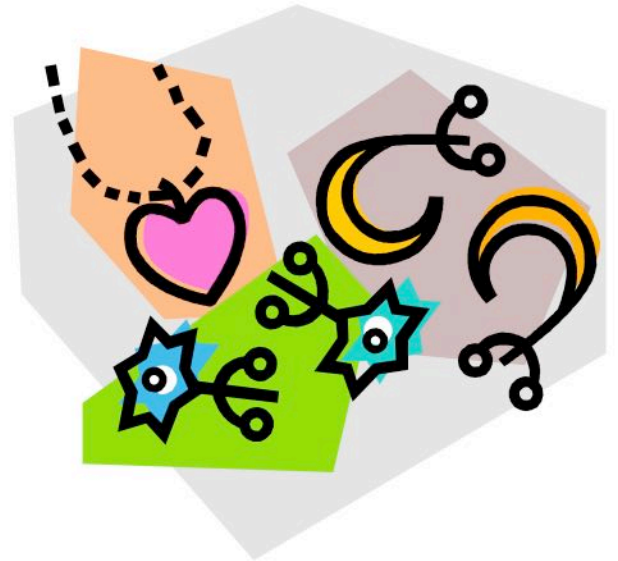

Reina was in second grade.  
She wanted to wear earrings.  
She did not have any.  
She could not wear any yet.

But, now she was going to get her ears pierced.  
It was her birthday gift.  
Mom was going to take her.  
It was going to hurt a little.

At the store, she sat in a chair.  
Ouch! That hurt.  
It felt like a bee sting.  
One more time!

She got her earrings put in.  
They had little ice cream cones on them.  
They were very cute.  
She was so happy.

She hugged her mom.  
It hurt, but it would go away.  
Now she would wear her earrings all the time.  
They looked so pretty, and she was so happy!
