

# Remembering Your Colors

Story By: Andrew Frinkle

Ronnie was in first grade.  
He had to learn his colors.  
His class learned their colors using a rainbow.

But Ronnie could not remember.  
He always forgot them!  
His teacher wanted to help.

His teacher taught him a trick.  
He had to remember a name: ROY G. BIV.  
It was a silly name, but it helped.

How did it help?  
Each letter meant a color.  
The name helped him remember.

Here is how it worked:

R – Red  
O – Orange  
Y – Yellow  
G – Green  
B - Blue  
I – Indigo  
V - Violet

Now Ronnie remembered his colors.  
It was all thanks to the silly name: Roy G. Biv.
