## Easter

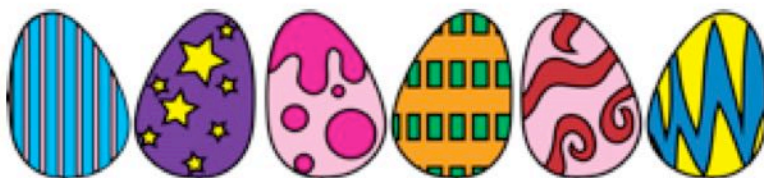

Story by Andrew Frinkle

Easter is in March or April. It changes every year. It is the first Sunday after a special full moon, which is usually around the end of March.

Easter is a fun time. It marks the beginning of spring on the calendar, so everything is starting to bloom! Flowers are out, and it's so pretty. Look at all the pastel colors!

Flowers, eggs, and candy have become fun parts of the Easter season. According to the legends, a rabbit comes and hides eggs and treats for good boys and girls. On Easter morning, you have to hunt and find them!
