## Mother's Day

Story by Andrew Frinkle

Mother's Day is the 2nd Sunday in May. It is a day to celebrate mothers and all that they do for us. Today, over 150 countries celebrate a Mother's Day, but they might have a different date for it.

It is important to look at what mothers bring to their families. Every mother is different. Does your mother make you healthy meals? Does she help with your homework? Does she read you bedtime stories? Does she hug you? Thank her for all she does!

Mother's Day is also a great time to visit or to call your grandmothers. They're mothers, too!
